Sir,

I have the honor to forward herewith for the orders of Government copy of docket No.891/C dated 21st May 1901 received from the Deputy Commissioner, Treasury Department, Bangalore, in regard to the delay in the transmission of the monthly account of opium to this Office which is a simple return and no elaborate compilation is necessary. The usual explanation which almost every Deputy Commissioner furnishes for such delays, i.e. the non-receipt of accounts from Taluks, is practically of no use to this Office and is not satisfactory.

Under Article 301 of the Civil Account Code the Deputy Commissioners are responsible for the immediate detection of irregular practices on the part of his subordinates and the correctness of returns and of their punctual submission to this Office. The non-receipt of accounts from the District Treasuries, it is needless to say, causes delay in the closing of the monthly accounts for the Province by this Office on due dates.

The irregular and incomplete manner in which District Treasury accounts and lists of payments are sent to this Office have frequently been brought to the notice of the Deputy Commissioners, Treasury Department, and also to that of Government.

I have therefore again to request that you will bring the matter to the notice of Government with a view that such stingent instructions may be issued as will ensure timely receipt of accounts with all the vouchers and subsidiary returns from the District Treasuries, without which my Office finds it very difficult to compile the accounts in that systematic and punctual manner which is laid down both in my Office manual and the Civil Account Code.

are not being strictly enforced. Non-receipt of accounts or information from Taluks is no reason whatever for delaying submission of the returns etc. within the prescribed time. It is the duty of the Deputy Commissioner in the Treasury Department to get accurate accounts from the Taluks and render them in proper time to the authorities concerned. An answer like the one under notice betrays want of

Proceedings of the Government of Mysore, Financial, dated 10th July 1901.

READ—

The following letter No. 6391, dated 31st May 1901, from the Comptroller to the Government of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments:—

I have the honor to forward herewith, for the orders of Government, copy of docket No. 891—C., dated 21st May 1901, received from the Deputy Commissioner, Treasury Department, Bangalore, in regard to the delay in the transmission of the monthly account of Opium to this office, which is a simple return and no elaborate compilation is necessary. The usual explanation which almost every Deputy Commissioner furnishes for such delays, *i. e.*, the non-receipt of accounts from taluks, is practically of no use to this office and is not satisfactory.

2. Under Article 301 of the Civil Account Code, the Deputy Commissioners are responsible for the immediate detection of irregular practices on the part of their subordinates and the correctness of returns and of their punctual submission to this office. The non-receipt of accounts from the District Treasuries, it is needless to say, causes delay in the closing of the monthly accounts for the Province by this office on due dates.

3. The irregular and incomplete manner in which District Treasury accounts and lists of payments are sent to this office have frequently been brought to the notice of the Deputy Commissioners, Treasury Department, and also to that of Government, without any appreciable improvement. I have therefore again to request that you will bring the matter to the notice of Government with a view that such stringent instructions may be issued as will ensure timely receipt of accounts with all the vouchers and subsidiary returns from the District Treasuries, without which my office finds it very difficult to compile the accounts in that systematic and punctual manner which is laid down both in my Office Manual and the Civil Account Code.

Copy of docket No. 891—C., dated 21st May 1901, from the Deputy Commissioner, Treasury Department, Bangalore district, to the Comptroller to the Government of Mysore.

Has the honor to inform that the submission of the monthly account for Opium is delayed for want of opium return from the Nelamangala taluk. Reminders to that taluk have been issued to hasten despatch of the same. On receipt of which, the same will be submitted.

No. 286-93—Fl. 27, DATED BANGALORE, 10TH JULY 1901.

ORDER THEREON—Government regret to have to observe that the existence of such grounds of complaints after various stringent orders on the matter like those conveyed in Proceedings No. 668-73—Fl. 65, dated 23rd July 1900, shows that the Deputy Commissioners and other District Officers on whom the responsibility of sending up returns and accounts rests, do not realize the extent of their obligations. While it is an express breach of duty on the part of Taluk Officers to fail in submitting their accounts at the proper time, the Deputy Commissioners cannot absolve themselves of their own obligation in the matter by throwing the blame on their subordinate officers.

2. Such instances of neglect will be viewed with grave displeasure, and Government trust that there will be no occasion given to repeat orders on such elementary matters of official discipline or to have to notice more specifically individual cases of such neglect.
